

# Camtraptions Quick Deploy Camera Trap Manual (*extract*)

## Wired-only Components

### 1. Quick Deploy Cables Pack

A bag containing:

Image	Part Name	Quantity	Purpose
	Flash Hot Shoe Adapter	1	Mounted directly in the camera's flash hot shoe. Transfers the camera's "flash shoot" signals into the cable system.
	Wired Z Pro Flash Adapter	1	Important for ensuring that the Z Pro Flashes are woken up from sleep and triggered reliably.

	2 Way Flash Splitter	1	Connects from the Wired Z Pro Flash Adapter to the two Waterproof Flash Signal Cables.
	Waterproof Flash Signal Cable	2	Transfers the flash signals from the Camera Housing to the two Flash Housings.
	Waterproof PIR Signal Cable	1	Transfers the PIR Sensor's trigger signals to the Camera Housing.
	Hook-and-loop Cable Tie	5	Provided to keep the cabling neat and secure.
	20cm Flash Cable	2	Contained within each Flash Housing. Connects from the Waterproof Flash Signal Cable to the sync socket on the side of each Z Pro Flash.
